

Neptune 5 - LED Path Marker

The **Neptune 5 LED Path Marker** is a classic wooden path marker incorporating the latest in LED technology.

With its beautifully designed and cut angles this path marker looks fantastic when viewed from any angle and makes an impressive addition to any project.

This LED Path Marker is ready for connection to either AC mains power supply or our Mercury solar power management unit, which provides a flexible lighting

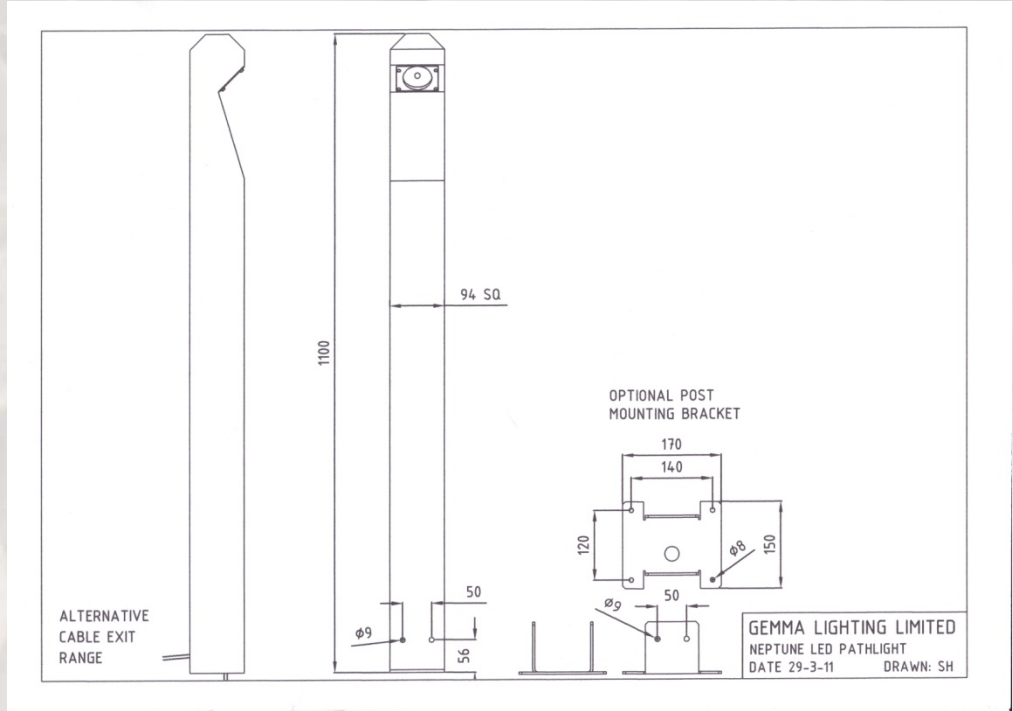

solution where mains power is not available or desired. The Neptune 5 LED Path Marker can be used to provide lighting for applications ranging from gardens, playgrounds, paths, walkways, drives and car parks.
